

Dr. Navaprakash N.

Assistant Professor, Department of Electronics and Communication Engineering
Saveetha School of Engineering, Saveetha Institute of Medical and Technical Sciences (SIMATS)
Chennai, Tamil Nadu, India
Email: navaprakashn.sse@saveetha.com

Contact Information

- **Name:** Dr. Navaprakash N.
- **Address:**
No. 45, First Floor, Pilaiyar Koil Street,
Thirumazhisai, Thiruvallur District, Tamil Nadu, India
PIN Code: 600124
- **Phone:** +91-8939660267
- **Landmark:** Near VP Koil

Professional Summary

Dr. Navaprakash N. is a dedicated academic and researcher specializing in **Electronics and Communication Engineering**. He is currently serving as an **Assistant Professor** at the Saveetha School of Engineering, SIMATS, Chennai. With **5 years of research experience** and **1 year of teaching experience**, Dr. Navaprakash combines academic rigor with innovative research to make significant contributions to his field.

He holds:

- **B.Tech** in Electronics and Communication Engineering from **Pondicherry University**.
- **M.Tech** in Industrial Automation from **Hindustan Institute of Technology and Science**, Chennai.
- **Ph.D.** in **Robotics, Control, and Automation** from Hindustan Institute of Technology and Science, Chennai.

Research Interests

Dr. Navaprakash's research interests lie in advanced and emerging areas, including:

- **Robotics**
- **Control Engineering**

- **Embedded System Design**
- **Automation**
- **Wireless Communications**

He is particularly passionate about integrating automation and robotics into industrial and societal applications to enhance efficiency and functionality.

Publications and Presentations

Dr. Navaprakash has a strong record of academic contributions, including:

- **2 SCI-indexed publications.**
- **8 Scopus-indexed publications.**
- Presentation of research findings at numerous **national and international conferences**, showcasing his innovative work and expertise.

Professional Contributions and Achievements

- Dr. Navaprakash actively collaborates on interdisciplinary projects to advance the fields of robotics and control systems.
- His expertise in automation and embedded systems contributes to solving complex challenges in industrial automation.
- As a mentor, he inspires students and peers to explore innovative solutions in engineering.
